

COMBINED FLIGHT REVIEW AND GLASS COCKPIT TRANSITION

Let Galvin Flying Services combine your next flight review with a transition in to glass cockpits.

Flight Review includes:

- Master the new glass cockpit through classroom orientation and simulating typical flight scenarios
- Learn practical risk assessment and management techniques
- Review weather products and new sources of weather information
- Systematic review of regulations and the AIM,
- Complete your review in a Technically Advanced Aircraft

Billed on a “per hour” basis
